About Us

PT Container Sukses Logistik is a dynamic and innovative logistics provider committed to providing comprehensive and efficient solutions to meet our clients' diverse needs. With a focus on excellence and reliability, we have established ourselves as a trusted partner in the logistics industry. Our headquarters are located in Jakarta, at Jalan Kebantenan Raya No 2A, Semper Timur, North Jakarta.

We operate approximately 31,000 square meters of Bonded Logistics Center warehouses located at Jalan Kebantenan No. 2A, Cilincing, North Jakarta, covering an area of 17,000 square meters, and over 1,200 square meters of general warehouses located at Jalan Kebantenan No. 2A, Cilincing, North Jakarta.

We also operate a 14,000 square meter PLB warehouse on Jalan Pangkal Pinang KBN Marunda.

We specialize in handling various types of goods such as steel coils, truck and bus tires, OTR and mining tires, automotive part and heavy equipment.

With an experienced and qualified team, we consistently maintain the service we provide to our customers.

At PT Container Sukses Logistik, we are dedicated to creating value for our clients by offering comprehensive logistics solutions that drive success in an ever-evolving business environment.

Vision dan Mission

VISION

- Providing reliable logistics services with accurate, professional, and logical service.
- Continuously innovating and synchronously working with stakeholders for effective and efficient logistics.

MISSION

- Become a Leading Logistics Company and Continue to Grow by Digitizing Every Logistics Service
- Making a Positive Contribution to the National Logistics Environment

Our Services

PLB

Pusat Logistik Berikat (Bonded Logistic Center):

Our Bonded Logistics Center (PLB) offers facilities to streamline the customs clearance process and obtain partial deferrals of import duties and import duties. Equipped with real-time inventory and managed by experienced professionals, our PLB ensures the integrity of your inventory, facilitating smooth operations and on-time delivery.

A Bonded Logistics Center (PLB) is a multi-functional warehouse that functions as a storage area for imported and exported goods, as well as a distribution center for imported raw materials and a consolidation center for exported goods. The PLB is a facility of the Directorate General of Customs and Excise (DJBC) under the supervision of the DJBC.

TRUCKING

Trucking:

PT Container Sukses Logistik prides itself on its robust trucking services, providing a smooth and reliable transportation network. Our fleet of well-maintained vehicles, coupled with a team of skilled drivers, ensures the safe and timely delivery of your cargo to its destination.

We currently have a fleet of 19 trucks, including trailers, CDD and Blindvan , ready to support our operations and ensure safe delivery to our customers.

We offer transportation services to transport goods to and from warehouses or other locations, using a reliable fleet equipped with a tracking system to ensure timely delivery.

SAFETY FEATURE TRUCKING

Monitoring System and Real-time Tracing

The growing digitalization of the industry encourages us to continuously innovate by monitoring and optimizing our vehicles with a Trucking Management System, a GPS System, and a Driver Panic Button.

All of our trucks feature high-spec, heavy-duty flatdeck trailers, designed to transport heavy loads like coil steel, with robust safety standards.

Driver Health Checks

SAFETY FEATURE TRUCKING

Personal Protective Equipment Standards

HANDLING / LOADING UNLOADING

Complete Loading and Unloading Equipment:

PT Container Sukses Logistik has a complete and regularly updated loading and unloading equipment to ensure smooth operations. Some of the equipment used includes:

- 16-ton forklifts for lifting heavy goods,
- 5 and 3 ton forklifts for moving goods within the warehouse area,
- Tire Clamp/Paper Roll Clamp forklifts for handling rolls or tires,
- Bale Clamp forklifts for handling bales,
- Coil Attachments for handling steel coils

PPJK (Customs Services)

We offers a variety of customs services, including:

- Import and Export Services: We assist companies with the import and export process, including document processing, shipping, and tax administration.
- Document Management: We assist companies with the processing of necessary import and export documents, such as the Import Decree (PIB), Import Decree (PEB), and other documents.
- Supervision and Security: We assist companies in monitoring and securing their goods during the import and export process.
- Consulting and Analysis: We assist companies in analyzing and optimizing their import and export processes, thereby increasing efficiency and reducing costs.
